

NZX and FundSource are dedicated to working with the Institute of Financial Advisers to provide support for members and strengthen the relationship with NZX. In view of this, we would like to provide IFA members with an on-going discounted offer on a range of our subscription products designed to support advisers, ensuring they have adequate research in their advising process.

Our offer is open to **all IFA members**:

- 10% off the annual subscription for any NZX Info / FundSource subscription product*; or
- 20% off the total subscription when subscribing to any two NZX Info /FundSource subscription products*.

We look to provide value for IFA members by having access to timely, accurate and relevant research at reduced prices. This offer will be reviewed annually in July.

* This excludes the market depth feed.

2012 Conference Offer

In addition to an on-going offer we would like to provide a one off package for **those attending the IFA conference**. This offer will be available from the conference date and through until 1st September 2012. The package will include:

- 20% off the first year's subscription, when subscribing to Company Research Centre or Investment Viewer*; or
- 30% off the first year's subscription, when subscribing to any two NZX/FundSource data products*

*This offer is not available in conjunction with the IFA member offer and excludes the market depth feed.
